

IMPORTANT TERMS OF OUR HOME EQUITY LINE OF CREDIT PLAN

This disclosure contains important information about our Home Equity Line of Credit Plan. You should read it carefully and keep a copy for your records.

AVAILABILITY OF TERMS: All of the terms described below are subject to change. If these terms change (other than the annual percentage rate) and you decide, as a result, not to enter into an agreement with us, you are entitled to a refund of any fees that you pay to us or anyone else in connection with your application.

SECURITY INTEREST: We will take a security interest in your home. You could lose your home if you do not meet the obligations in your agreement with us.

POSSIBLE ACTIONS: We can terminate your line, require you to pay us the entire outstanding balance in one payment, and charge you certain fees, if

For Wisconsin Borrowers Only: (1) you fail to make a required payment when due two times within a twelve month period, or (2) your failure to observe the terms of this plan materially impairs the condition, value or protection of, or our rights in, the property securing this plan.

For All Other Borrowers: (1) you engage in fraud or material misrepresentation in connection with the plan; (2) you do not meet the repayment terms of this plan, or (3) your action or inaction adversely affects the collateral or our rights in the collateral.

We can refuse to make additional extensions of credit or reduce your credit limit if (1) any reasons mentioned above exist; (2) the value of the dwelling securing the line declines significantly below its appraised value for purposes of the line; (3) we reasonably believe that you will not be able to meet the repayment requirements due to a material change in your financial circumstances; (4) you are in default of a material obligation of the agreement; (5) government action prevents us from imposing the annual percentage rate provided for in the agreement; (6) the priority of our security interest is adversely affected by government action to the extent that the value of the security interest is less than 120 percent of the credit line; (7) a regulatory agency has notified us that continued advances would constitute an unsafe and unsound business practice; (8) the maximum annual percentage rate is reached, or (9) For Wisconsin Borrowers Only: you engage in fraud or material misrepresentation in connection with this plan.

PLANS: We offer two plans. The plan you qualify for is based on the amount of equity in your property and will be referred to as follows: 80.01% LTV (Loan to Value) and above or 80.00% LTV and below.

MINIMUM PAYMENT REQUIREMENTS: You can obtain credit advances for 7 years. This period is called the "draw period." At our option, we may renew or extend the draw period. You will be required to make monthly payments during the draw and repayment periods. For 80.01% LTV plan, during the draw period your monthly payment will be

1.5% of the outstanding balance each month or \$100.00, whichever is greater. For less than 80.00% LTV plan, during the draw period your monthly payment will be 1.0% of the outstanding balance each month or \$100, whichever is greater. If the interest rate increases, you will be required to make more payments until the end of the draw period. At the beginning of the repayment period we will recalculate your payment for both plan options. Your payment will be set to repay the balance at the current annual percentage rate over 10 years. Each time the annual percentage rate changes, we will adjust your payment to repay the balance within the repayment period. During the repayment period, your payment will never be less than \$100.00 or the full amount that you owe. During both the draw and repayment periods, your payment will include any amount past due and any amount by which you have exceeded your credit limit, and other charges.

NEGATIVE AMORTIZATION: Under some circumstances, during the draw period your payment will not cover the finance charges (interest) that accrue and "negative amortization" will occur. Negative amortization will increase the amount that you owe us and reduce the equity in your home.

MINIMUM PAYMENT EXAMPLE – 80.01% LTV and Above Plan: If you made only the minimum monthly payment and took no other credit advances it would take 11 years 3 months to pay off a credit advance of \$10,000 at an **ANNUAL PERCENTAGE RATE** of 7.75%. During that period, you would make 84 payments of \$100.00 to \$150.00, followed by 50 payments of \$100.00 and one (1) final payment of \$77.35.

MINIMUM PAYMENT EXAMPLE – 80% LTV and Below Plan: If you made only the minimum monthly payment and took no other credit advances it would take 10 years 8 months to pay off a credit advance of \$10,000 at an **ANNUAL PERCENTAGE RATE** of 4.75%. During that period, you would make 84 payments of \$100.00, followed by 43 payments of \$100.00 and one (1) final payment of \$57.40.

FEES AND CHARGES: In order to open, use and maintain a line of credit plan, you must pay the following fees to us:

Flood Zone Determination Fee: \$11.00 (Due at closing)

Loan Processing Fee: \$15.00 (Due at closing)

You must pay certain fees to third parties to open the plan. These fees generally total between \$125.00 and \$1,000.00. If you ask, we will provide you with an itemization of the fees you will have to pay third parties.

PROPERTY INSURANCE: You must carry insurance on the property that secures this plan. If the property is located in a Special Flood Hazard Area we will require you to obtain flood insurance if it is available. The following notice is required by New York law. You are required to obtain property insurance on the property that is security for your mortgage loan. We cannot require you to obtain an insurance policy in excess of the replacement cost of the improvements on the property securing the loan.

REFUNDABILITY OF FEES: If you decide not to enter into this plan within three business days of receiving this disclosure and the home equity brochure, you are entitled to a refund of any fee you may have already paid.

TAX DEDUCTIBILITY: You should consult a tax advisor regarding the deductibility of interest and charges for the plan.

VARIABLE RATE FEATURE: This plan has a variable rate feature and the annual percentage rate (corresponding to the periodic rate) may change and you may be required to make more payments during the plan and the amount of a balloon payment, if any, may increase. The annual percentage rate includes only interest and no other costs. The annual percentage rate is based on the value of an index. The index is the Prime Rate published in the Money Rates column of *The Wall Street Journal*. When a range of rates has been published the highest rate will be used. We will use the most recent index value available to us as of 1 day before the date of any annual percentage rate adjustment. To determine the annual percentage rate that will apply to your account, we add a margin to the value of the Index. If the rate is not already rounded we then round up to the next 0.25%. Ask us for the current index value, margin and annual percentage rate. After you open a plan, rate information will be provided on periodic statements that we send you.

RATE CHANGES: The annual percentage rate can change on the first day of each month. There is no limit on the amount by which the annual percentage rate can change during any one year period. The maximum **ANNUAL PERCENTAGE RATE** that can apply is 18.0% or the maximum permitted by law, whichever is less. However, under no

circumstances will your **ANNUAL PERCENTAGE RATE** go below 4.0% at any time during the term of the plan.

MAXIMUM RATE AND PAYMENT EXAMPLES – 80.01% LTV and Above Plan: If you had an outstanding balance of \$10,000, the minimum payment at the maximum **ANNUAL PERCENTAGE RATE** of 18% would be \$150.00 for the draw period and \$180.25 for the repayment period. This annual percentage rate could be reached at the time of the 1st payment.

MAXIMUM RATE AND PAYMENT EXAMPLES – 80% LTV and Below Plan: If you had an outstanding balance of \$10,000, the minimum payment at the maximum **ANNUAL PERCENTAGE RATE** of 18% would be \$100.00 for the draw period and \$180.25 for the repayment period. This annual percentage rate could be reached at the time of the 1st payment.

HISTORICAL EXAMPLE: The following table shows how the annual percentage rate and the minimum payments for a single \$10,000 credit advance would have changed based on changes in the index over the past 15 years. The index values are as of the last business day of January of each year. While only one payment per year is shown, payments may have varied during each year. The table assumes that no additional credit advances were taken, that only the minimum payments were made, and that the rate remained constant during each year. It does not necessarily indicate how the index or your payments will change in the future.
